

SAOL *Christian School*

Teaching children how to live, not just how to make a living.

Anti-Bullying Policy

This policy serves to outline the procedures followed in Saol Christian School to address incidents of bullying. As a school we believe that our pupils have the right to learn in a supportive, caring and safe environment.

The Board of Management recognises the very serious nature of bullying and the negative impact that it can have on the lives of pupils and is therefore fully committed to the following key principles of best practice in preventing and tackling bullying behaviour:

- A positive school culture and climate which-
 - is welcoming of difference and diversity and is based on inclusivity;
 - encourages pupils to disclose and discuss incidents of bullying behaviour in a non-threatening environment;
 - and promotes respectful relationships across the school community;
- Effective leadership;
- A school-wide approach;
- A shared understanding of what bullying is and its impact;
- Implementation of education and prevention strategies (including awareness raising measures) that-
 - build empathy, respect and resilience in pupils
 - explicitly address the issues of cyber-bullying and identity-based bullying
- Effective supervision and monitoring of pupils;
- Supports for staff;
- Consistent recording, investigation and follow up of bullying behaviour (including use of established intervention strategies);
- On-going evaluation of the effectiveness of the anti-bullying policy.

Bullying is unwanted negative behaviour, verbal, psychological or physical conducted, by an individual or group against another person (or persons) and which is repeated over time.

The following types of bullying behaviour are included in the definition of bullying:

- deliberate exclusion, malicious gossip and other forms of relational bullying,
- cyber-bullying and identity-based bullying,
- Isolated or once-off incidents of intentional negative behaviour, including a once-off offensive or hurtful text message or other private messaging, do not fall within the definition of bullying and should be dealt with, as appropriate, in accordance with the school's code of behaviour.
- However, in the context of this policy, placing a once-off offensive or hurtful public message, image or statement on a social network site or other public forum where that message, image or statement can be viewed and/or repeated by other people will be regarded as bullying behaviour.

Negative behaviour that does not meet this definition of bullying will be dealt with in accordance with the school's code of behaviour.

The school will utilise a range of education and prevention strategies to encourage good behaviour and discourage bullying. We will use the materials from www.antibullyingcampaign.ie to raise awareness and to deal with bullying behaviour when it arises. We will seek to develop a positive school culture in the following ways;

- Model respectful behaviour to all members of the school community at all times
- Explicitly teach pupils what respectful language and respectful behaviour looks like, acts like, sounds like and feels like in class and around the school
- Display key respect messages in classrooms, in assembly areas and around the school and involve pupils in the development of these messages
- Consistently tackle the use of discriminatory and derogatory language in the school
- Give constructive feedback to pupils when respectful behaviour and respectful language are absent
- Have a system of encouragement and rewards to promote desired behaviour and compliance with the school rules and routines
- Explicitly teach pupils about the appropriate use of social media
- Positively encourage pupils to comply with the school rules on mobile phone and internet use. Follow up and follow through with pupils who ignore the rules
- Actively involve parents/guardians and/or the Parents Association in awareness raising campaigns around social media
- Actively promote the right of every member of the school community to be safe and secure in school
- Highlight and explicitly teach school rules in pupil friendly language in the classroom and in common areas
- All staff will actively watch out for signs of bullying behaviour
- As self-esteem is a major factor in determining behaviour, we will, through both our curricular and extra-curricular programmes, provide pupils with opportunities to develop a positive sense of self-worth
- We will raise pupils awareness and understanding of bullying, including its causes and effects
- We will teach pupils what the Word of God says about how we should treat others

Procedures for investigating and dealing with bullying

The class teacher will have primary responsibility for investigating alleged cases of bullying. However, dependent on the seriousness of the actions involved, the class teacher may decide to involve the Principal in accordance with our Code of Behaviour.

Where an alleged incident of bullying involves students from a number of classes, the class teacher will liaise with the Principal to carry out the investigation. The primary aim will be to resolve any issues and to restore, as far as is practicable, the relationships of the parties involved (rather than to apportion blame).

1. All reports, including anonymous reports of bullying will be investigated and dealt with by the class teacher. In that way pupils will gain confidence in "telling". It will be made clear to all pupils that when they report incidents of bullying they are not considered to be telling tales but are behaving responsibly. Non-teaching staff such as secretaries, special needs assistants, bus escorts, caretakers, cleaners are encouraged to report any incidents of bullying behaviour witnessed by them, or mentioned to them, to the class teacher. Where there has been a report of an incident during break time involving students in one class the class teacher will investigate. However, this does not have to be done directly after break. It may be more appropriate to get the class settled and working and then investigate the issue.

If a number of classes are involved the teacher can liaise with the Deputy Principal to help in any investigation.

2. In investigating and dealing with bullying, the teacher will exercise his/her professional judgement to determine whether bullying has occurred and how best the situation might be resolved.
3. Parents and pupils are required to co-operate with any investigation and assist the school in resolving any issues and restoring, as far as if practicable, the relationships of the parties involved as quickly as possible.
4. When analysing incidents of bullying behaviour, the teacher will seek answers to questions of what, where, when, who and why. This will be done in a calm manner, setting an example in dealing effectively with a conflict in a non-aggressive manner.
5. Incidents will generally be investigated outside the classroom situation to ensure the privacy of all involved.
6. If a group is involved, each member will be interviewed individually at first. Thereafter, all those involved will be met as a group. At the group meeting, each member will be asked for his/her account of what happened to ensure that everyone in the group is clear about each other's statements.
7. Each member of the group will be supported through the possible pressures that they may face from the other members of the group after interview by the teacher.
8. Where appropriate, those involved will be asked to write down their account of the incident.
9. In cases where it has been determined by the class teacher that bullying behaviour has occurred, the school will utilise the approach outlined in www.antibullyingcampaign.ie. Depending on the circumstances this means that the parents of the child who was engaging in the bullying activity may not be contacted in the first instance provided the bullying behaviour ceases. However parents of the victim will always be contacted at an early stage to inform them of the matter and explain the actions being taken. The school will give parents an opportunity of discussing ways in which they can reinforce or support the actions being taken by the school and the supports for their pupils.
10. In cases where it has been determined by the class teacher that bullying behaviour has occurred, the Principal will be informed of the details of the investigation.
11. It will be made clear to a pupil engaged in bullying behaviour that he/she is in breach of the school's anti-bullying policy and efforts will be made to try to get him/her to see the situation from the perspective of the pupil being bullied.
12. It will be made clear to all involved that in any situation where disciplinary sanctions are required, this is a private matter between the pupil being discipline, his or her parents and the school.
13. If appropriate, follow-up meetings with the relevant parties involved will be arrange separately with a view to possibly bringing them together at a later date if the pupil who has been bullied is ready and agreeable.

14. In cases where the relevant teacher considers that the bullying behaviour has not been adequately and appropriately addressed within 20 school days after he/she has determined that bullying behaviour has occurred, it will be recorded by the relevant teacher in the recording template.
15. In determining whether a bullying case has been adequately and appropriately addressed the relevant teacher must, as part of his/her professional judgement, take the following factors into account;
 - a. Whether the bullying behaviour has ceased;
 - b. Whether any issues between the parties have been restored as far as is practicable;
 - c. Whether the relationships between the parties have been restored as far as is practicable;
 - d. Any feedback received from the parties involved, their parents or the school Principal
16. Where a parent is not satisfied that the school has dealt with a bullying case in accordance with these procedures, the parents will be referred, as appropriate, to the school's complaints procedures.

Procedures for recording bullying behaviour

All records must be maintained in accordance with relevant data protection legislation. The school's procedures for noting and reporting bullying behaviour are as follows:

- (i) The class teacher will use his/her professional judgement in relation to the records to be kept of all reports of bullying, the actions taken and any discussions with those involved regarding same. If it is established by the class teacher that bullying has occurred, he/she will keep appropriate written records which will assist his/her efforts to resolve the issues and restore, as far as is practicable, the relationships of the parties involved.
- (ii) The relevant teacher will use the appropriate template to record the bullying behaviour. This form will be passed to the Principal. In cases where the bullying has been resolved the template form will serve as a summary of the investigation. However, where appropriate additional notes and details will be attached to the form to retain on file, particularly in cases where the bullying was not resolved within 20 days of the initial investigation. A record of the completion of the form will be made on the student's record by the Principal. It should also be noted that the timeline for recording bullying behaviour in this recording template does not in any way reclude the relevant teacher from consulting the Principal at an earlier stage in relation to a case.

Code of Behaviour / Referral to Outside Agencies

Bullying behaviour can be part of a continuum of behaviour rather than a stand-alone issue and in some cases behaviour may escalate beyond that which can be described as bullying to serious physical or sexual assault or harassment. Accordingly instances of bullying will be dealt with in tandem with the school's overall code of behaviour. In cases where a school has serious concerns in relation to managing the behaviour of a pupil, the advice of the National Education Psychological Service will be sought.

Serious instances of bullying behaviour will, in accordance with the Children First and the Child Protection Procedures for Primary and Post-Primary Schools, be referred to the HSE Children and Family Services and/or Gardai as appropriate.

Where school personnel have concerns about a child but are not sure whether to report the matter to the HSE, the Designated Liaison Person will seek advice from the HSE Children and Family Social Services/Tusla

Support for Pupils

The school's programme of support for working with pupils affected by bullying (both victims and those involved in bullying behaviour) is as follows;

- Provide opportunities to participate in activities designed to raise their self-esteem, to develop their friendship and social skills and thereby build resilience
- Encourage friendship and small-group team-building exercises focused on affected students
- Close monitoring of pupils (those bullying and those being bullied) on yard in the weeks following an incident of bullying
- Workshops to be made available throughout the year in particular to senior classes
- Follow up meetings with students on an ongoing basis following any incident of bullying
- Counselling to help them learn other ways of meeting their needs without violating the rights of others
- Pupils who observe incidents of bullying behaviour will be encouraged to discuss them with teachers

Supervision and Monitoring of Pupils

The Board of Management confirms that appropriate supervision and monitoring policies and practices are in place to both prevent and deal with bullying behaviour and to facilitate early intervention where possible.

Prevention of Harassment

The Board of Management confirms that the school will, in accordance with its obligations under equality legislation, take all such steps that are reasonably practicable to prevent the sexual harassment of pupils or staff or the harassment of pupils or staff on any of the nine grounds specified i.e. gender including transgender, civil status, family status, sexual orientation, religion, age, disability, race and membership of the Traveller community.
